

I Excel in Art

**Sayla Sacksteder, Grade 3
Brookville Elementary**

Sayla excels in Art. Her favorite type of art is painting. She has an easel at home, where she creates many of her masterpieces. She especially likes to mix the different paint colors to make new colors. Sayla even has a wall in her house that her dad let's her paint on. She also draws beautiful flowers and likes to color them. One year, Sayla won an award for her weaving project. Sayla is shown next to her artwork that is on display in the Brookville Elementary Cafeteria. In this particular piece, she used construction paper to create a shoe using many different forms and shapes. Congratulations to Sayla. We love your artwork!
