

I Excel in Riding Horses.

Ji Schwieterman, Grade 5
Brookville Middle School

On my 4th birthday, I really liked horses and started to ride. My mom took me somewhere to learn how to ride and I have been riding since then. I still take lessons on Western riding, once a week. I got my first horse, Mickey, on "My Gotcha" day which is October 15 a few years ago. Harley is the horse that I ride now. A month ago, I started riding English. I have recently started learning how to jump. I have competed in Western pleasure and showmanship in 4H. I have competed in other contests.
