

I Excel in Science and Keeping His Teacher Happy

Andrew Ashcraft, Grade 2
Brookville Elementary

Andrew is a 2nd grade student in Mrs. Princell's class. Andrew excels in keeping his teacher happy. He tries to get his clip on purple everyday. When he gets his clip on purple he chooses to have lunch with Mrs. Princell. Andrew likes to tell Mrs. Princell stories about his weekend, how good he is in baseball, how hard he can hit the ball and lots of other things. He is good at paying attention in math and reading which really makes Mrs. Princell happy. He also says he pays attention when she is talking. Andrew loves to give Mrs. Princell hugs. He likes to give her chocolate when they have a classroom party. BES is proud of Andrew and he certainly does excel in keeping his teacher happy!
