

## I Excel in Art

Esther George, Grade 4  
Brookville Elementary

---

Esther is a fourth grade student in Mrs. Taylor's class. Esther excels in Art! She loves to draw her own animals. She draws the animals with a pencil and then colors them in with markers. She has a certain type of marker that she likes to use. Esther just got a brand new leather notepad that she uses, as well as some new markers that are two sided. She got those from Hobby Lobby. She loves their art section. Her favorite animals to draw are African Elephants and horses. Her favorite color is blue so she tries to put blue in most of her pictures. Another thing she likes to do with art is draw small, hidden pictures in her artwork. Esther is a very talented artist. BES is proud of you!
